

# Undeb Bridge Cymru - Welsh Bridge Union

Let us communicate!

As I settle into my new job I am finding that electronic communication seems to be somewhat lacking within the WBU.

With the current lively and sometimes acrimonious debate raging over the English Bridge Union proposals for change, it is time for the WBU to consider how we move forward for the future. I am sure there are many things that we need to discuss. I invite all members to contact me with their views, proposals and criticisms so that I can collate and put them before Council.

I look forward to hearing from you by email and assure you that all such contact details will be held securely for use only in the WBU database of members. Please contact me at [neville@wbu.org.uk](mailto:neville@wbu.org.uk). Contact by telephone or other means is of course also welcomed.

Let us together make the Welsh Bridge Union an organization to be envied in the World of Bridge.

Neville Richards  
Chief Executive
